

Board of Education, Regular Meeting
Thursday, June 18, 2020

CALL TO ORDER:

A regular meeting of the Board of Education was held via Google Meet and was called to order by President Raymond Parmarter at 6:30 p.m., with the following additional board members present: Nate Brace, Rebecca Lyon, Brent Doane, Michael Blake, Hannah Murray, and Josh Soper, as well as Superintendent Jeffrey Kisloski.

ADJOURN TO EXECUTIVE SESSION:

At 6:30 p.m., a motion was made by Michael Blake, seconded by Brent Doane, to adjourn to executive session to discuss a particular personnel matter. All board members listed above were present as well as Superintendent Jeffrey Kisloski. At 6:30 p.m., Angela Holmes, CSE Chairperson, entered executive session to discuss the CSE/CPSE reports. Mrs. Holmes exited the meeting at 6:39 p.m. At 6:38 p.m., Wayne Aman, Jr/Sr High School Principal, entered executive session. Mr. Aman exited the meeting at 7:01 p.m.

RETURN TO REGULAR SESSION:

At 7:01 p.m., Michael Blake made a motion, seconded by Josh Soper, to return to regular session. The motion carried unanimously. All board members listed above were present, as well as: Superintendent Jeffrey Kisloski, Jr/Sr High School Principal Wayne Aman, Elementary Principal Katie Volpicelli, Director of Curriculum & Instruction Kimberleigh Nichols, CSE Chairperson Angela Holmes, Asst. Elementary Principal/Athletic Director Peter Ahart, Director of Transportation Holly Carling, Director of Operations Bern Smith, School Business Official Sydney Wade, and Board Clerk Kathlyn Hinkle.

The Pledge of Allegiance was said to begin regular session.

CSE/CPSE REPORTS APPROVED:

A motion was made by Michael Blake, seconded by Nate Brace, to accept the CSE/CPSE Reports, as presented. The motion carried unanimously.

MINUTES APPROVED:

A motion was made by Josh Soper, seconded by Brent Doane, to approve the minutes of the Regular Meeting held on May 21, 2020, as presented. The motion carried unanimously.

A motion was made by Brent Doane, seconded by Rebecca Lyon, to approve the minutes of the Annual Budget Hearing held on June 1, 2020, as presented. The motion carried unanimously.

A motion was made by Michael Blake, seconded by Nate Brace, to approve the minutes of the Annual Budget Vote and Board Elections held on June 16, 2020, as presented. The motion carried unanimously.

School Business Official Sydney Wade presented her report to the Board.

Mrs. Wade included the May budget transfers and financials with her report for the Board to review.

Mrs. Wade informed the Board of the new Uniform Grants Guidance Procedure. She stated that as Superintendent Jeffrey Kisloski mentioned last month, the District is required to adopt Uniform Grants Guidance by June 30 in order to stay in compliance with Federal regulations on Federal grants (IDEA, Title Funds). The District has the option to adopt this as either a policy or a procedure, and Mrs. Wade had anticipated adopting it as a policy. However, Mrs. Wade has spoken with other districts and has learned that it is more appropriate to accept these as procedures that the District will follow. The procedures manual is included with Mrs. Wade's report for the Board's review and will be considered "accepted" as part of the Treasurer's Report.

Mrs. Wade informed the Board that she has tentatively set the external, independent audit date for the week of August 31, 2020. She expects that the team at INSERO will want to meet with the Board before the audit commences, and then again after the audit is completed to go over the reports.

REGULAR MEETING, JUNE 18, 2020

Mrs. Wade updated the Board on the summer school meals program. She stated that after discussions with the State, the District has received information on continuing the free breakfast and lunch program over the summer. The current free breakfast and lunch program that has been operating under the COVID waiver expires on June 30, 2020. The District has had significant interest in the community to continue this program. Therefore, Mrs. Wade has applied to the State for the free summer breakfast and lunch program. The Elementary School has a Free and Reduced Lunch rate (over 50% need) that qualifies the entire District for the free summer breakfast and lunch program. The State reimburses the school at stated per meal rates.

REPORTS:

A motion was made by Brent Doane, seconded by Josh Soper, to accept the Treasurer's Reports, as presented. The motion carried unanimously.

A motion was made by Michael Blake, seconded by Hannah Murray, to accept the Appropriation Reports for May, as presented. The motion carried unanimously.

WARRANTS ACCEPTED:

A motion was made by Josh Soper, seconded by Nate Brace, to accept the following Warrants for May 2020, as presented: General Fund #57, Federal Fund #29, and School Lunch Fund #28. The motion carried unanimously.

During the discussion of the Federal Funds, Hannah Murray asked what is happening with the Winners Circle car. Mrs. Wade stated that the car is still in the technology shop, unfinished, but Pius Kayiir has been in touch with Dyson and is trying to get the program extended into 2020-2021.

During the discussion of the School Lunch Funds, Raymond Parmarter asked if these funds were being used for the food delivery program. Superintendent Jeffrey Kisloski stated that some funds are, but Cafeteria Manager Brian Lanphere is using a lot of food supplied by the Government.

RECOGNITION OF VISITORS:

President Parmarter acknowledged the visitor present at this time, Sue Heavenrich from the Candor Chronicle. No comments were made at this time.

CONSENT AGENDA:

Upon the recommendation of Superintendent Kisloski, a motion was made by Rebecca Lyon, seconded by Josh Soper, to approve the following personnel items, pending fingerprint-supported criminal history background checks, where applicable*:

2020-2021 Ice Cream Bid Approval:

DCMO BOCES has informed the District that they have made an agreement with Hershey's to renew the original contract (Milk, Ice Cream & Juice 2019-129) for the 2020-2021 school year.

Upon the recommendation of Sydney Wade, School Business Official, the Board accepted this agreement and approved Hershey's as the 2020-2021 vendor for ice cream.

2020-2021 Bread Bid Approval:

One (1) bid was submitted to DCMO BOCES for the 2020-2021 bread bid. The bid received was from Bimbo Bakeries.

Upon the recommendation of Sydney Wade, School Business Official, the Board approved Bimbo Bakeries as the 2020-2021 vendor for bread.

2020-2021 Milk Bid Approval:

DCMO BOCES has received one (1) bid for milk bid for Candor Schools for the 2020-2021 school year. The bid received was from Bill Brothers Dairy, Cortland, NY.

Upon the recommendation of Sydney Wade, School Business Official, the Board accepted this bid and approved Bill Brothers Dairy as the 2020-2021 vendor for milk.

REGULAR MEETING, JUNE 18, 2020

Donation Acceptance:

Accepted the following donation to the Elementary School, Fourth Grade:

- 1.) 50-60 *W is for Waterfall* books, written and donated by Aileen Easterbook from Ithaca, NY. The value of this donation is approximately \$650.00.

Health & Welfare Contract 2019-2020 - Ithaca City School District:

Approved the 2019-2020 Health and Welfare Services contract for the Ithaca City School District, as presented, and authorized the President of the Board of Education and the Superintendent of Schools to sign the same on the District's behalf.

The motion for all consent agenda items was unanimous.

Administrator's Reports:

Jr/Sr High School Principal Wayne Aman summarized his report to the Board.

Mr. Aman shared a summary of TC3 *CollegeNow* credits the senior class has earned. The Class of 2020 earned 1098 credits through the *CollegeNow* program. Using SUNY Cortland tuition as a benchmark, the students will have saved approximately \$331,596 (1098 credits x \$302/credit). This does not include room and board savings from early college completion. Mr. Aman stated that he is always amazed by the financial savings being offered to the families in the community through the *CollegeNow* program, and he thinks it is important the Board is aware of how valuable this program is.

Mr. Aman informed the Board that he is pleased to share that the High School had seventeen students participate and complete the Early College program this year, and eleven students participate and complete the Work Placement/Early Career program. Mr. Aman thanked TC3 and Brent Doane for the program.

Mr. Aman shared a noteworthy accomplishment by two of the Early College Program students. He stated that Carolynne Horstmann and Kayleigh Wulf both earned an Associate's Degree from TC3 in May, making them the third and fourth students from Candor to receive their college diplomas prior to their high school diploma. Congratulations Carolynne and Kayleigh.

Mr. Aman stated that as graduation approaches, it has been difficult to finalize commencement ceremony plans due to the ever-changing guidance from the Governor. The planning team has decided to go with a drive-thru ceremony, which will allow families to be in the cars with the students and witness them receive their diplomas. Mr. Aman thanked the Board for talking this through with him.

Raymond Parmarter asked if a video of the graduation will be put on the school website. Mr. Aman stated that he would like to post one as long as no one opposes it.

Elementary Principal Katie Volpicelli presented her report to the Board.

Mrs. Volpicelli stated that she would like to wish Catherine Flanagan the very best as she will enter retirement at the end of the 2019-2020 school year. She has taught 4th grade at Candor Elementary School for twenty years. The Elementary School appreciates the dedication Mrs. Flanagan has shown to her students and families as well as the collegiality she has possessed over the years. She will be missed very much.

Mrs. Volpicelli stated that as a result of the budget cuts, the District is unable to rehire for Mrs. Flanagan's position. This means there will be two sections of 4th- grade next year with slightly larger class sizes. The 4th-grade team has already begun planning as to how they will best support their group of students next year. Mrs. Volpicelli added that she expects there will be approximately 45 students in 4th-grade for 2020-2021.

Mrs. Volpicelli spoke of the ELA Curriculum. She stated that after a few years of using the Core Knowledge Language Arts curriculum in Kindergarten through 3rd grade, the 2nd-grade team has expressed that the program is not meeting the needs of their students. Their main concern is that the materials are very dry and boring. Therefore, students lack engagement. The teachers have shown an interest in a new set of curriculum materials called Rooted in Reading. Rooted in Reading covers ELA content and is available in grades 1st, 2nd, and 3rd. Mrs. Volpicelli, Peter Ahart, and Kimberleigh Nichols have met with the 2nd-grade teachers several times to learn about the program and discuss how they would assess whether it encompasses the components of a quality ELA curriculum that meets the New York State Standards.

REGULAR MEETING, JUNE 18, 2020

They are dedicated to developing a process that will allow the teachers to pilot Rooted in Reading, while continually monitoring student growth according to the grade level ELA standards. They plan to work with a representative from i-Ready to learn how to create benchmark assessments that would be administered during the pilot. They look forward to working on this as a team over the summer. Mrs. Volpicelli thanked the 2nd-grade teachers for their dedication to finding the best curriculum for their students. They are more than willing to work with the administrators to find a way to make sure the curriculum is meeting the needs of their students.

Mrs. Vopicelli updated the Board on the 6th Grade "Moving Up" Ceremony. She stated that the Elementary is especially disappointed they were not able to spend the last few months of the school year with the 6th graders and look forward to having the opportunity to wish them the very best in middle school. They decided on a drive-thru ceremony that was a really nice time for the 6th graders. Mrs. Volpicelli would like to give a special congratulations to Corbyn White and Emmi McCracken, who will receive the Principal's Awards this year. They are both diligent students and very deserving of the recognition. She also wanted to congratulate Hazel Ray, who has been awarded the Marion Brown Love of Music Award. This is a great honor, and the Elementary School appreciates her dedication to music. Mrs. Volpicelli thanked Jessica Weeks, Amy Parillo, Adam Young, Laura Preston, Beth Gance-Virkler, Amy Shepardson, and the administrative team for helping to plan this special time for the 6th-grade students who everyone is very proud of.

Mrs. Volpicelli informed the Board that there is a Candor Elementary Flag Day video on the District website. She thanked Stephany Marilley and Taylor Dziekan for putting the video together.

Mrs. Volpicelli stated that with the unique circumstances, the June Congruence meetings looked very different this year. Mrs. Volpicelli, Peter Ahart, and Angela Holmes were still able to touch base with the grade level teams and discuss student placements for next year. Although they missed having end of year academic data points to review and assess for student growth, the process went well, and teachers were prepared to create well-balanced class lists for the 2020-2021 school year.

Mrs. Volpicelli stated that in May, she spoke of the challenges that they were faced with in reaching all of the students during the last month of school. At that time, participation started to fall a bit, and teachers were beginning to worry about some of their students. Nonetheless, they have pushed through the final weeks and worked as a team to stay connected with the students and families. Teachers and support staff members have worked extremely hard to support the students during this time, and Mrs. Volpicelli could not be prouder of what the elementary students, families, and teachers have accomplished over the last three very challenging months. Mrs. Volpicelli stated that on behalf of the Candor Elementary Faculty and Staff, she would like to thank Superintendent Jeffrey Kisloski and the Candor Board of Education for the support and encouragement throughout the 2019-2020 school year.

Hannah Murray asked what the numbers are looking like for PreK and Kindergarten registration. Mrs. Volpicelli stated that so far, twenty PreK registrations packets have been returned.

Asst. Elementary Principal/Athletics Director Peter Ahart presented his report to the Board.

Mr. Ahart informed the Board that he recently worked with one of the school's athletic vendors to put together an online store selling apparel with "Candor Strong" embroidery and the official Candor spear logo. Staff and families had an opportunity to purchase the merchandise and represent the "Candor Strong" mindset together during these challenging times. Approximately \$3,000 in merchandise was purchased. All of the proceeds (10%) of final sales went to purchasing reusable, medical-grade masks for essential workers in Candor's community. With the Candor Booster Club matching the proceeds, they were able to purchase roughly \$600.00 worth of masks, which will be out to the community by mid-June.

Mr. Ahart spoke of the Athletic Placement Process (APP). The APP is a program for evaluating students who want to participate on a sports team at higher or lower levels than their current grade allows them to. There are several components of this process, including parent approval, APP Committee approval, medical clearance from the District's physician, skill evaluation from prior coaches, and physical fitness testing. Other considerations are playing time. If a coach does not intend on playing the student-athlete in at least 50% of the games scheduled, the student-athlete would not be considered for the APP. Once a student completes the APP, they do not have to complete it again, unless their fitness test did not meet the sport-specific requirement numbers of the additional sport they are trying out for. Currently, the District has two student-athletes, one for boys soccer and one for volleyball, that will be considered for the APP in the fall once school is out for the year. Last school year, one student-athlete completed the APP process.

REGULAR MEETING, JUNE 18, 2020

Currently, the District has multiple underclassmen that are playing on a higher level than their grade allows; they have gone through the APP process in previous years.

Mr. Ahart informed the Board that he has met with the coaches regarding the senior awards, and he is excited to announce the students that have earned one (or more) senior athletic award. Awards range from scholarship money, gift cards, t-shirts, pins, and certificates. Mr. Ahart would like to thank the Booster Club for their donations for many of the awards. Mr. Ahart also noted the winners of Section IV's Character Counts award.

2019/2020 Senior Athlete Award Winners	
Award	Award Winners
Chris Weisz Memorial Scholarship Award	Ty'vone Benners, Lance Jensen
Sean C. King Memorial Award	Lance Jensen
Nathan Fairlie Memorial Award	Alex Morse
Candor Sportsmanship Award	Arianna Aman, Camille Brock & Erin Bruttomesso
Iron Indian Award	Lance Jensen & Jennah Kareem
The Robinson Award	Alex Doucett & Ty'vone Benners
The Bob Collyer Award	Daniel Thomas
Bill Pace Memorial Award	Lance Jensen & Jennah Kareem
Section IV Character Counts Award	Shelby Swartz, Brooke Wilcox, Ty'vone Benners, Alex Doucett

Mr. Ahart informed the Board of the changes for the fall season. NYSPHSAA has given schools the permission to add an additional football game this coming season, allowing each team to have a maximum of ten this coming year. Mr. Ahart, the coaches, and Rebecca Saggiomo have not decided if they will be moving forward with adding the additional game, based on the lack of preparation they will have in the summer due to COVID, the extended time off that the majority of the student-athletes have had since mid-March, as well as having to face such a tough schedule early in the season. Student-athletes can participate in the fall 2020 sports season without a current health exam if they have previously had a health examination for school attendance in the 2018-2019 or 2019-2020 school years and provide a health history form. The start date for fall sports is August 24, 2020.

Mr. Ahart thanked the Board, Jeffrey Kisloski, and the administrative team for supporting him during his first year at Candor.

CSE Chairperson Angela Holmes summarized her report to the Board.

Mrs. Holmes stated that due to the COVID closure, the Special Education world has changed. Special Education teachers have been modifying academics, communicating regularly, and delivering all services remotely to give Special Education students access to the general education curriculum since March 13. Mrs. Holmes stated that she has received a lot of positive feedback.

Mrs. Holmes stated that CSE/CPSE and 504 meetings have been done virtually and are wrapping up at the end of the day Tuesday, June 16. Families have been amazing with this. Mrs. Holmes stated that Governor Cuomo has changed service options for the special education students during the school year closure and now for the extended school year students. The CSE department is waiting for more guidance from NYSED on the executive order from the Governor stating that extended school year programs and services can be in person. Currently, they are following guidance that services from TST extended school year will continue to be done virtually due to the amount of preparation needed to prepare a facility to follow COVID cleaning and protocol. The Special Education world is ending the school year with an anticipated ending.

Mrs. Holmes informed the Board of the Special Education department changes for the 2020-2021 school year. The Elementary school will be adding an 8:1:1 classroom for 4th through 6th-grade students. Ernie Marilley will be the lead special education teacher.

REGULAR MEETING, JUNE 18, 2020

Ashley Green will be leaving the Elementary school to teach at the high school. This position will fill Dian Smith's retirement absence. Kelly O'Brien will be leaving her AIS position at the Elementary school to go back to being a Special Education teacher at the Elementary school. Co-teaching will look much different next school year than it has the last few years. Special Education teachers at the Elementary school will be providing services at multiple grade levels and will not be tied to a single grade level. The half time psychologist that was hired half time from GST BOCES was not be contracted again due to budget cuts. The District will be contracting by individual cases to help with assessments next school year through a private practice. There will be many students who will need testing when school is back in session as the testing has been on halt since March. The District will need to hire a social worker to provide necessary services and supports for high school students that are being brought back to the Candor campus. These students have severe needs that were met while at BOCES, and the District is working diligently to make sure they have the needed support when they return.

Mrs. Holmes thanked the Board, Superintendent Jeffrey Kisloski, and the administrators for all of their support for the Special Education department during this school year. It has been a first-year to remember.

Hannah Murray asked if there is a limit to how many students can be in the co-teaching classes. Mrs. Holmes stated that a class could not be more than 50% classified.

Director of Curriculum & Instruction Kimberleigh Nichols presented her report to the Board.

Mrs. Nichols spoke of the Next Generation Learning Standard. The timeline was shifted due to school closure. She stated although the fourth quarter was far from normal, she and Katie Volpicelli and Peter Ahart have continued to bring the ELA standards review into grade-level conversations, when appropriate. The teachers had begun prioritizing the ELA standards. Although they were unable to maintain the review process the way they had hoped, the goal has been to keep the conversation alive. They are hopeful that they will be able to do some work over the summer and into next year.

Mrs. Nichols informed the Board of the Teacher Reflection Survey. Mrs. Nichols and Matt Gelder sent a GoogleForm survey to the instructional staff seeking feedback not only on their experience with remote learning but also on topics they are interested in. This survey will serve as an initial step in determining work that will be done during the summer professional development offerings. They know that instructional technology will be a priority due to the current events, but they want to maintain a balance between that and areas of potential growth for individuals, grade levels and/or departments. They are looking forward to another summer of working with the teachers.

Mrs. Nichols spoke of the Student and Parent Survey. She stated that some teachers have asked for feedback from their students regarding the last few months of remote learning. Additionally, the administrative team has sent out a three-question survey for teachers to share with the students and parents. There is so much that can be learned from this experience, and the District wants to be responsible in moving forward with how the students and families are supported.

Technology Integration Coordinator Matt Gelder presented his report to the Board:

Mr. Gelder spoke of the collection and organization of Chromebooks. Everything went well. Mr. Gelder thanked all of the volunteers who helped organize, sanitize, and perform factory resets on the nearly 700 Chromebooks that were collected. Mr. Gelder stated that 88% of the high school devices were returned and 91% of the elementary devices. Eight devices were returned with missing cords in the elementary, fifteen in the high school. Mr. Gelder estimated 6% of the devices were returned damaged. Five devices returned with broken screens, and several had miscellaneous broken keyboards, broken charging port, and mouse trackpads.

Michael Blake asked if any of the students asked if they could keep their Chromebooks over the summer. Mr. Gelder stated that six students have requested to keep them, and they are being allowed to do so.

Mr. Gelder stated that he and Mrs. Nichols have begun collecting information from the faculty about their experiences with distance learning so that they can learn what tools and teaching techniques they found most useful. This feedback will be essential in determining what has been successful and what could be improved for distance learning in the future. In addition, Mr. Gelder and Ben Taylor will use this information to develop targeted technology training if they are able to provide in-person summer professional development.

REGULAR MEETING, JUNE 18, 2020

If meeting at school is not possible, he and Mr. Taylor will have online resources available for teachers well before the start of the school year so they are prepared for September. Feedback from this survey will also provide valuable insight into broader expectations for online learning next year regarding synchronous and asynchronous classes, online learning platforms, grading procedures, and classroom expectations.

Mr. Gelder would like to thank the staff for being so willing to jump outside their comfort zone to tackle the challenges they have faced with distance learning. Everyone's resilience in the face of the extraordinary challenges over the last few months has allowed the District to make the best of a terrible situation. The ability to continue to learn and adapt will help everyone become better at providing meaningful learning experiences for students. In particular, Mr. Gelder would like to thank Ben Taylor for everything he has done as a resource for teachers and students.

Director of Transportation Holly Carling summarized her report to the Board.

Mrs. Carling spoke of the retirement of Bernard Blinn and Russ Corpin. She thanked Mr. Blinn and Mr. Corpin as they begin the next chapter in their lives. Wednesday, June 17, was their final delivery day for the District, and they held a socially distanced luncheon after deliveries. On their last day, Mr. Corpin's students lined the streets and held signs and waved as he delivered the food. Mr. Blinn's students sent letters and pictures that were laminated. Their time, commitment to the District, and love for the students will be hard to replace. They will be missed immensely.

Mrs. Carling thanked the Board for the opportunity to work with all of the fantastic people in the transportation department. While it has been the most interesting school year she has ever experienced, she feels she has been blessed to work beside some really great people. She is grateful for all of the help and support she has had throughout the year.

Mrs. Carling would like to thank Brian Lanphere, Sandy Blinn, and the cafeteria team for all of the hard work with preparing the food for the food delivery program. She also thanked the staff that comes into bag the food; 450 meals are bagged and going out in an hour. Mrs. Carling informed the Board that the summer session of the food delivery program begins Wednesday, June 24. The count has dropped drastically from an average of 450 down to 246 meals.

Director of Operations Bern Smith presented his report to the Board.

Mr. Smith stated that the custodians, building and grounds, and maintenance staff continue the cleaning and prepping of the District on a limited work schedule. The crews will be coming back in Monday through Friday, beginning June 22. The custodial staff is now helping the buildings and grounds staff with the weeding and grounds work each morning prior to their custodial duties.

Mr. Smith informed the Board that contractors will start on the high school tech area windows and sills designated in the \$100k project. Work should start within two weeks; everything is staged and ready to go. The scope of the work also includes the installation of a door to facilitate moving the kit car in and out of the building.

Mr. Smith stated that the District will not be replacing Sue Lambertson's custodial position when she retires in July. Instead, he will be moving a high school custodian over to the Elementary school. He is not sure how that will affect games, practices, etc.

Mr. Smith informed the Board that the staff is trying to set up a classroom that would follow the social distancing guidelines to see how it would work for everyone.

Superintendent Jeffrey Kisloski presented his report to the Board.

Mr. Kisloski informed the Board that the Budget Vote results had an almost 80% approval rate.

Mr. Kisloski stated that there was some confusion regarding the summer food service program. Several weeks ago, the Governor announced that emergency food programs will continue through the summer. The District immediately began to survey the community to begin to plan and prepare. Last Friday, they were told that there is no money to back food programs. But Mr. Kisloski has received confirmation that summer meals will be reimbursed.

Mr. Kisloski thanked the administrative team, support staff, and teachers for the time and effort they have all put in to making the final days of the 2019-2020 school year as special (and positive) as possible.

Mr. Kisloski stated that the rules governing graduation ceremonies had changed numerous times. Currently, the State is allowing gatherings (with masks and social distancing) of 150 people. However, they recently heard that the number might rise, or the high school may not have to count graduates in total. Mr. Kisloski, Wayne Aman, and Bern Smith will finalize the plans within the week.

REGULAR MEETING, JUNE 18, 2020

Mr. Kisloski stated that he is asked daily for any prediction on the return to school in September. There are many theories and ideas on how the District should adjust schedules, and what logistical practices the District should implement in order to safely open schools. At this time, Mr. Kisloski reminds people that the State is conducting a re-opening task force, and he should see recommendations sometime in July.

Board Comments:

Hannah Murray thanked the Wednesday food volunteers.

Michael Blake congratulated Carolynne Horstman and Kayleigh Wulf for receiving their Associate's Degree. He thanked Brent Doane and TC3 for providing the program so that students have the opportunity to do this.

Josh Soper thanked everyone for another good year. He stated that the 6th Grade Moving Up ceremony went well.

Raymond Parmarter stated that he is blown away at how well the community has responded to all of the changes since March. He hopes that the school has learned some new techniques for learning throughout the closure.

Recognition of Visitors:

President Raymond Parmarter acknowledged the visitor present, Sue Heavenrich. No comments were made at this time.

Adjournment:

President Parmarter announced the meeting adjourned at 8:28 p.m.

Respectfully submitted,

Kathlyn M. Hinkle
